Hi Jupiter Row team,
I'm reaching out from Agroverse, where we specialize in ceremonial cacao with full farm traceability, crafted for independent retailers like yours. I came across Jupiter Row while exploring wellness and metaphysical shops in the Ashland area, and I'm excited about the possibility of partnering with you to bring our unique product to your shelves.
We understand that every retailer has different needs when it comes to inventory and risk. That's why we offer flexible options: whether you prefer a consignment arrangement to test the waters with minimal upfront commitment, or a bulk wholesale purchase for better margins, we're happy to work with what suits you best. Our goal is to support your business and connect with your community through high-quality, ethically sourced cacao.
I've attached a wholesale price list PDF with detailed SKUs and pricing tiers for both consignment and bulk orders. Please take a look at your convenience and let me know if you'd like to discuss either path further. I'd be thrilled to hear your thoughts via email reply, or if you prefer, we can schedule a short call at a time that works for you.
Looking forward to connecting!
Gary

Gary,

Thank you for reaching out. We are going to pass at this time. But thank you for thinking of us.

I went to your website and did not see any packaging to explore what your product looks like. In your search for

retailers may I suggest having some images of your products on shelves as this is the best way to see if it's a fit.

Thank you and good luck in your ventures.

Sincerely,

Davi

Jupiter Row
